GREASY SKIN

MEDICATED SHAMPOO (W/PS)

PROPERTIES

DOGS, CATS AND HORSES

Benzoyl peroxide and sulfur are powerful degrading ingredients and allow for deep cleansing of hair follicles (follicular flushing). Salicylic acid has strong keratolytic and keratoplastic properties. Salicylic acid and sulfur are also antiseptic and act synergistically. PS is a pro-ceramide to restore the skin barrier and help in the long term management of skin conditions. Phytosphingosine-HCl also has antiseptic properties. V4B Oily Skin Shampoo is indicated for the relief of itching and scaling associated with skin infection, seborrheic disorders and follicular plugging.

DIRECTIONS FOR USE

Shake well before use. Wet the hair coat with warm water. Apply and lather first on the affected area then apply and lather on the entire hair coat. Allow to remain on hair for 5 to 10 minutes then rinse thoroughly with clean water. Repeat if necessary. May be used 2 to 3 times per week or as directed by our veterinarian.

PRESENTATION

Bottle of 8 oz., 16 oz. and 1 gallon.

INGREDIENTS

Gentle cleansing bases, Benzoyl Peroxide 3%, Micronized Sulfur 2%, Salicylic Acid 2%, Phytosphingosine-HCl 0.05%

TECHNICAL SPECIFICATIONS

Soap-free Lathering solution for deep and antiseptic cleansing.

STORAGE

Store at controlled room temperature.

PRECAUTIONS

For topical use on animals only. Do not swallow. Avoid contact with the eyes or mucous membranes; if contact occurs, rinse thoroughly with water and contact a veterinarian. If irritation develops, discontinue use and consult a veterinarian. Keep out of reach of children.
